

Greetings:

The Wellspring Residential Programs have put together this application packet to get you started with the screening and admission process. All documents need to be filled out completely and returned for Wellspring to communicate with you. You will be scheduled for an initial assessment and then discussion regarding admission and waiting list guidelines. Good communication is our goal to ensure a smooth and efficient process for individuals seeking treatment.

This packet contains the following documents:

- Residential application form (6 pages)
- The AC-OK Screening Questionnaire (1 page)
- Wellspring's Policy on Controlled Substances (medication) (1 page)
- Client Financial Responsibility including Room and Board Policy (2 pages)
- Trauma Informed Care Overview (1 page)
- Overview of Wellspring's Residential Treatment Program (3 pages)
- Connecting w/ Family and the Community (1 page)
- An Authorization to Release Information form (1 page)

Note: The Release of Information form is what will allow Wellspring to communicate with you or authorized referring organization as part of our admission process. Also, please be aware that after the screening process, additional authorization forms may be needed in order to speak with previous treatment providers, lawyers, probation officers, or other entities specific to treatment. This process will identity whether our facility is a good fit for your treatment needs.

The packet of information can be emailed to the program's Administrative Assistant, or via the US Postal Service to the address below. Please specify which program you are applying for:

Wellspring, Inc. ATTN: Men's House, Women's House, or Infinity House 98 Cumberland Street Bangor, Maine 04401

If you have any questions or need further information, please contact the program Administrative Assistant you are applying to:

- Men's House Jill Sanborn at 941-1600 ext. 401; jsanborn@wellspringsa.org
- Women's House Stephanie Goss at 941-1639 ext. 301; sbridges@wellspringsa.org
- Infinity House Molly St. Louis at 217-6550 ext. 501; mstlouis@wellspringsa.org

Thank you for your interest in Wellspring! We look forward to supporting you through your journey. Respectfully,

Williams

Lisa Williams, LADC, CCS Director of Residential Services Wellspring, Inc.

CONTROLLED SUBSTANCES AT WELLSPRING

Wellspring provides residential substance abuse treatment and recovery for individuals with cooccurring mental health disorders. We collaborate with Community Health and Counseling Services to provide psychiatric consultation, evaluation, and medication management for our residential clients. As a result of our work together, Wellspring has established the practice that our medical consultants closely review and monitor any on-going prescriptions for controlled substances. A partial list of prescriptions that will be reviewed by our medical consultants include:

Commonly Prescribed Stimulants:

Ritalin, Concerta (Methylphenidate) Adderall (dextroamphetamine) Focalin (dexmethylphenidate) Vyvanse (lisdexamfetamine)

Commonly Prescribed Benzodiazepines:

Xanax (Alprazolam) Ativan (Lorazepam) Valium (Diazepam) Klonapin (Clonazepam)

Please be advised as you apply for admission to Wellspring, these medications may or may not be continued while you are a resident at Wellspring. All controlled substances prescribed at admission to Wellspring must either be prescribed by our medical consultant or coordinated for continuation with an established provider.

Medication to treat opioid use disorders utilizing Suboxone will be considered on a case-by-case basis and upon the recommendation of the Clinical Team in consultation with our medical provider, and prescribed in accordance with federal guidelines promulgated by the Substance Abuse and Mental Health Services Administration.

By signing below, you acknowledge that you have read and understand this policy.

Med Manual.Controlled Substances.10-1-18

NOTICE of Financial Responsibility for treatment at Wellspring's Residential programs

1. I understand that I am financially responsible for any medical and doctor's fees incurred during admissions and treatment. This includes the initial physical exam that happens during the first (5) days of admissions and for all prescription medications purchased while I am a resident at one of Wellspring's Residential Programs (Men's House, Women's House or Infinity House). If I am unable to pay for the medication when it is purchased, I will reimburse Wellspring before I leave the program.

2. I understand that if I am eligible for the *Supplemental Nutrition Assistance Program*, (SNAP) also known as *Food Stamps*, I will submit my SNAP EBT card to Wellspring to use toward my meals while in the treatment program. Upon leaving the treatment program, Wellspring will return my card to me.

NOTE: If I leave the program after the 16th day of the month, I understand that Wellspring will have used all of the monthly allocation amounts on my SNAP benefit allocation EBT card (excluding the amount on the card that you came into the program with at admission). If I leave before the 16th of the month, I will receive my full monthly allocation when my card is returned to me.

Example	e A:
---------	------

March 31: Arrival and the EBT card has a balance of: April 1 st : Monthly SNAP allocation added to card: April 16 th : Wellspring draws down monthly allocation: April 17 th : Client leaves program, SNAP card balance is: Example B:	\$35.00 \$65.00 <u>\$-65.00</u> \$35.00
March 31: Arrival and the EBT card has a balance of:	\$35.00
April 1 st : Monthly SNAP allocation added to card:	<u>\$65.00</u>
April 10 th : Client leaves program, SNAP card Balance Is:	\$100.00

NEXT ->>

3. I understand that I am responsible for the Room and Board Fee for which I will billed for on a per-day basis.

NOTE: This is calculated on a sliding scale based on your income and it ranges between \$1.00/day to \$10.00/day. The amount you are responsible for will be assessed during the admissions process and a determination of your fiscal responsibility will be discussed then.

NOTE: Mainecare only covers the treatment portion of your stay. Mainecare <u>DOES NOT</u> pay for the cost of room and board.

I understand the information outlined in this document regarding my financial responsibilities while I am in treatment in the Wellspring Residential programs.

Trauma Informed Care

Trauma Informed Care (TIC) recognizes that traumatic experiences *terrify, overwhelm and violate* the individual. TIC is a commitment not to repeat these experiences and, in whatever way possible, to **restore a sense of safety, power and worth**.

The Foundations of Trauma Informed Care

Commitment to Trauma Awareness

Understanding the Impact of Historical Trauma and Oppression

Agencies Demonstrate Trauma Informed Care with Policies, Procedures and Practices that:

Create Safe Context through:

- Physical safety
- Trustworthiness
- Clear and consistent boundaries
- Transparency
- Predictability
- Choice

Restore Power through:

- Choice
- Empowerment
- Strengths perspective
- Skill building

Build Self-Worth through:

- Relationship
- Respect
- Compassion
- Acceptance and Nonjudgment
- Mutuality
- Collaboration

Overview of Wellspring's Residential Treatment Program for Substance Use Disorder (SUD).

The residential treatment programs at Wellspring are designed to provide trauma-informed treatment for people with a history of chronic substance use disorder; including those with co-occurring mental health disorders. The programs are long term - ranging from 4-months to 6-months and focus on supporting and guiding individuals toward gaining sobriety, maintaining sobriety and building the skills needed for independent living. This includes *building strong connections with the recovery community*.

NOTE: Community Supports are considered vital to successful recovery. Building connections with the Recovery Community is something that will be there for you long after you leave the highly structured residential treatment program.

To be considered for admission to our treatment in one of our residential programs, you must be:

- Eighteen Years of age or older
- Free of mood-altering substances on the day of admission
- Physically and mentally able to participate in a therapeutic community environment.
- Motivated for treatment.

At each of Wellspring's residential treatment programs we use a combination of treatment modalities along with medication management and daily living education to support overall rehabilitation.

The following trauma-informed services are offered while in residence:

- Individual, family and group SUD counseling sessions
- Educational and vocational counseling

 Specialized treatment and psychiatric consultation for residents with cooccurring mental health disorder needs.

- Referrals to community support services
- Participation in the Greater Bangor area 12-step community
- Support and education for managing daily living skills

Group Psycho-education topics include:

- Addiction and Recovery
- Relapse Prevention Skills
- Insight processing
- Community Issues
- Family Roles
- Gender specific

Daily Living Skill activities include:

- Completion of scheduled household chores including meal preparation and, cleaning, vacuuming, and mopping floors, etc.
- Maintaining bedrooms in a clear and orderly fashion including beds made daily.
- Personal laundry
- Daily personal hygiene
- Learning time management skills in order to keep up with daily treatment assignments, appointments, chores and other program requirements.

These activities are designed to lend themselves to the development of relapse prevention skills that will go with the client upon graduation of the program and as they transition to independent living.

Our programs also offer daily meditations and house meetings. Participants are expected to actively take part in 12-step support or other types of support groups

offered in the community in order to build a personalized recovery network that will aid in their recovery, post treatment.

Q & A:

1. Will I still get to see my family and children?

-Absolutely. We encourage everyone to take responsibility for their children and to maintain close contact with their family.

2. How much contact will I have with the outside world?

-Recovery is much more than maintaining sobriety. Recovery involves setting goals that will foster a life that allows you to have independence, family connections and supports, self-confidence and a new lifestyle that will lead to success in many areas of life.

Connecting with Family and the Community while in Residential Treatment

We believe that it is important for people in recovery to maintain close relationships with their children and positive family supports.

We encourage scheduled visits from spouses and other family members, as long as they are free of mind-altering substances when visiting and also that they do not present any safety issues. All visitors must comply with program rules and regulations.

It is part of the treatment philosophy at Wellspring that residents have opportunities to practice their recovery skills in the community. Examples include the issuance of weekend passes (when eligible and treatment appropriate); as well as obtaining employment and /or continued education. (Residents are encouraged to seek and obtain volunteering opportunities or employment during their latter phases of treatment.)

Additionally, residents are exposed to and meet w/ a variety of community resources such as:

- The Bangor Area Recovery Network (aka the BARN)
- Spruce Run for survivors of domestic violence
- Courage Lives: Consortium of services for survivors of human trafficking.
- The Learning Center
- The Career Center
